* The recommended amount of food is per pet per day. The specified amounts of feed depend on the weight of the adult dog.
** For lactating female dogs: The feed can be made available on request (ad libitum), as the need of the female dog may vary according to the number of puppies and the need for milk. For pregnant females: Please note that the last three-thirds of the feeding requirement depends on the breed size and the number of puppies. An overfeeding of the female dog should, however, be avoided with regard to any birth difficulties and disorders during lactation.

Family - Complete feed for pregnant, nursing and growing dogs.

Composition: dried poultry protein; whole grain corn; rice; poultry fat; beet fibre; maize protein; hydrolysed poultry protein; minerals; ground chicory root (natural source of inulin); dried meat from the New Zealand green-lipped mussel (*Perna canaliculus*).
